

## **OBITUARY: Donald C. Borg**

Donald C. Borg, a scientist at BNL for nearly 40 years and the former Chair of BNL's Medical Dept., died April 15, 2014, after a long illness. He retired from the Laboratory on September 30, 1989, then continued his professional association as a Guest Research Collaborator, until September 30, 1995. Subsequently, he and his wife Karen Schaich resided in Princeton, New Jersey.
