

John (Scharpy) Scharpeger, 1939 – 2025

John Scharpeger (Scharpy) died on November 25, 2025 (1939-2025). He worked at Brookhaven National Laboratory from 1961 until he retired in 2000. He was the Manager of Inventory.

We, the family, called him Jack – most of his friends and people from the lab called him Scharpy. He was 86 and would have been 87 at the end of January 2026. He was a wonderful guy whose family meant everything to him. We were married 62 years. He is truly missed.
